SCHOOLWORKS GIS WORKSHOP

- ✓ Do you need better demographic data to improve your enrollment projections?
- ✓ Is your district considering closing schools or redrawing boundaries and want to know the new projected enrollments for each new attendance area?
- ✓ Would you like to be able to quickly count how many students live in each attendance area? And know what schools they are attending?
- ✓ Would you like to be able to quickly determine the impact of increased class sizes at each school?
- ✓ Does your district have Microsoft Voucher Money?

IF YOU ANSWERED YES TO ANY OF THESE QUESTIONS SCHOOLWORKS CAN HELP!

Sign up for a live demonstration of our SchoolWorks GIS Software. We are readily available to come to your district office and meet with your staff.

This is a valuable workshop for your Superintendent, CBO, Director of Facilities and Technology services Director.

If you have voucher money, SchoolWorks was chosen to be an approved vendor for the GIS Software and you can purchase this Product with your Software Voucher (SV) allotment.

TO RSVP:

Contact Ken Reynolds or Brett Merrick at (916) 733-0402
